DRAFT — pending owner approval and legal counsel review. Not legal advice.

Vehicle Management Agreement — GUARANTEED PAYMENT + SHARED OPEX (50/50)

Plan rung: Guaranteed Payment + Shared Opex. The car payment, insurance premium, and shared maintenance are paid from Revenue first; the remaining net proceeds split **50/50** between Owner and Company.

"Rental Platforms" means any peer-to-peer car-sharing, rental, or rideshare marketplace or booking channel Company uses to list the Vehicle, as Company selects and may change from time to time. "Revenue" means amounts actually received from the Rental Platforms for trips in the Vehicle (including mileage overage fees charged to renters), net of the Rental Platforms' platform fees.

1. Parties

Company: Panamerica Auto, LLC ("Company")

Owner: the vehicle owner identified in Exhibit A ("Owner")

Vehicle: identified in Exhibit A ("Vehicle")

2. Term and termination

This agreement is month-to-month from the start date in Exhibit A, with no initial or minimum term. Either party may terminate this Agreement by written notice. Termination takes effect at the end of the calendar month following the month in which notice is given (for example, notice given at any time in January takes effect at the end of February).

3. Company duties

Company provides full day-to-day fleet operation:

- Bookings management, pricing, and listing optimization on the Rental Platforms
- Guest communication and screening
- Cleaning between trips
- Vehicle setup and delivery logistics
- Day-to-day Rental Platform and fleet operations

Spotlight site listing and market insights are included in this plan at no extra charge.

4. Car payment, insurance, and limited guarantee

- The monthly car payment (in the amount stated in Exhibit A) and the insurance premium are each split **50/50** between Owner and Company and are paid from the Vehicle's Revenue first. Net proceeds remaining after that are split **50/50** (Section 6).

- Company guarantees **only the Owner's 50% share** of the monthly car payment. If the Owner's share of Revenue in a month does not cover the Owner's half of the car payment, Company pays the difference.
- Company does **not** guarantee the full car payment and does **not** guarantee any part of the insurance premium. The premium is always split 50/50, and the Owner always pays the Owner's half regardless of Revenue.
- The guarantee does not apply in any month the Vehicle cannot be rented for reasons outside Company's control (for example, the Owner does not approve or pay for a repair above the shared maintenance cap in Section 5). The guarantee may also be suspended under Section 5 while maintenance or repair costs above the shared amount remain unpaid by the Owner.
- Guarantee amounts paid by Company are **not recouped** from the Owner's future shares.

5. Shared expenses

- **Insurance:** premium split 50/50 between Owner and Company and paid from Revenue first (Section 4).
- **Maintenance and repairs:** split 50/50 up to **$500/month total** ($250 each). Maintenance and repair costs above the $500 monthly shared amount are the Owner's: they are paid first from the Owner's share of Revenue, and any remaining balance is paid by the Owner directly out of pocket.
- If maintenance or repair costs above the shared amount are not paid by the Owner within **5 business days** of Company's written notice, Company is not responsible for any lost Revenue while the Vehicle is unavailable, and Company may suspend the car payment guarantee in Section 4 until the balance is paid in full.

6. Profit split and payouts

- After the car payment and insurance premium (Section 4) and shared maintenance (Section 5) are paid from Revenue, the remaining net proceeds split **50/50**.
- Company provides a written monthly statement by email by the **10th** of the following month, showing Revenue (including any mileage overage fees), the car payment and insurance premium paid from Revenue, any amount Company paid under the Section 4 guarantee toward the Owner's half of the car payment, shared maintenance, any maintenance overage charged to the Owner (with receipts), and each party's share.
- The Owner's net share is paid monthly, by the **15th** of the following month.

7. Maintenance standards and authorization

- The Vehicle is maintained to a roadworthy, guest-ready standard.
- Routine maintenance or repairs of up to **$500 per occurrence** may be authorized by Company without prior Owner approval; the Owner's written

approval (email is sufficient) is required only for any single repair, or any month's total maintenance, above $500.

8. Rental Platform operations

- Company operates the Rental Platform listings for the Vehicle, including guest screening and pricing decisions.
- Owner does not interfere with bookings, contact guests about trips, or alter the listing without Company's agreement.
- Insurance claims, deductibles, and damage are 100% the Owner's responsibility. Company covers premiums only where this Agreement says so. Company will help facilitate filing and documentation as needed to complete a claim, but takes no financial responsibility for damage or deductibles and makes no claim to any portion of any insurance payout.
- Renters are allowed 200 miles per day. Mileage overage fees collected from renters count as Revenue and are split under Section 6.

9. Insurance

Company will obtain and maintain insurance for the Vehicle. The premium is split 50/50 and paid from Revenue first (Section 4); claims and deductibles are the Owner's responsibility (Section 8).

10. Telematics / GPS

If the Vehicle is equipped with GPS or telematics, Company may use location data for fleet operations only (dispatch, turnover, recovery). Company does not share live location data with third parties except as needed for operations or required by law.

11. Owner representations

Owner represents that they own the Vehicle (subject only to liens disclosed in Exhibit A), that the Vehicle is roadworthy, that they will cooperate with Company's insurance requirements, and that at enrollment the Vehicle is 12 model years old or newer and has fewer than 130,000 miles (as recorded in Exhibit A). Eligibility is determined at enrollment. A Vehicle that exceeds 130,000 miles during the term remains enrolled with no change to these terms. Owner remains the titleholder of the Vehicle and keeps the Vehicle after the loan is paid off; this agreement gives Company no ownership interest in the Vehicle.

12. Liability and indemnity

Each party is responsible for its own negligence or willful misconduct, and will indemnify the other against third-party claims arising from it. Neither party is liable for the other's lost profits or indirect damages.

13. Confidentiality

Company keeps the Owner's financial and contact information confidential, and

discloses it only with the Owner's consent, as required by law, or as needed to operate the Vehicle (Rental Platforms, insurers, service providers).

14. Plan changes

The parties may change plan rungs by mutual written agreement, effective the first day of the next calendar month.

15. Notices

Written notice includes email to the addresses listed in Exhibit A.

16. Governing law; entire agreement

This agreement is governed by Florida law. It is the entire agreement between the parties about management of the Vehicle, and changes must be in writing signed by both parties.
